Thank You to ICU/HAU Educators and Clinicians

Oct 27th to Nov 02nd was Canadian Intensive Care Week. I would like to extend a thank you to Julie Gloster and Lois Coberg (HAU Educators), Theresa Chipperfield and Caroline Penner (HAU and ICU Clinicians) and Ashli Brook and Fiona McLeod (ICU Educators) for their work and time behind the scenes. The HAU and SMH had afternoons packed with presentations from various health disciplines and BC Transplant. Also a staff afternoon tea to celebrate staff reaching a 10, 15, 20 and even 30 year milestone with FH. Thank you ladies for the time and effort it took for this to succeed.

From Shelly Evans (Critical Care Program Co-Coordinator)

Thank You to Our Purchasing Team

led by Amit, and our pharmacy dispensary supervisor, Yvonne, for their help in sourcing medications for a complicated, acutely ill patient. Your quick action and support made it possible for the patient to receive critically important medications.

From Rochelle Gellatly (Clinical Pharmacist – Critical Care)

Many Thanks to Leon, Amar, Mike, Russel, and Wayne

your work on the FMO department's presentation for Take Our Kids to Work day was outstanding. The tours were informative and interesting and seemed to capture the attention of the students. The display and interaction at the Career Fair was very well done. It showed that the Healthcare System is composed of many unique but important parts, and even those not on the front lines are integral to the delivery of quality patient care.
